Otavalo History Museum  
Artisinal Market

DAY 7

Otavalo

Raptor Rehabilitation Center  
Mojanda Lakes

This is a generalize itinerary. Itinerary may change based on weather or availability.

You'll get the best both worlds as we spend time in the tropical cloud forest in the Choco-Andean corridor in Mindo and in the high mountains in Quito and Otavalo. In Mindo we'll explore the misty mountains with our nature hikes, taste the best chocolate and coffee on earth, and visit historical sites. Then it's off to Quito where we'll get a bird's eye view of the city from the Pichincha volcano and learn about Quito's ancient people. After our time in the city, we'll head out to an otherworldly dry forest before visiting Peguche's famed artisans and thundering waterfall. While we're in the Otavalo area, we'll also learn about it's history, visit it's sparkling lakes, and browse the colorful items for sale in the artisan market.
